- An understanding of how Subject-based Banding works

Why introduce [Subject-Based Banding?]

Introduced by
MOE in 2019

- ▶ Every child is unique and has different aptitudes, capabilities and talents.
- ▶ To recognise the different abilities of students
 - ▶ Provide more flexibility in subject combinations for students across subjects

What Subject-Based Banding means for your child?

- ▶ Greater flexibility in subject combinations
- ▶ Your child has the choice to take a combination of standard and foundation subjects, depending on his strengths
- ▶ Build up their understanding in subjects they need more help with.

For the P4 Semestral Assessment, if your child	Your child may be recommended to take
Passes all 4 subjects and performs very well in MTL	<ul style="list-style-type: none"> • 4 standard subjects + Higher Mother Tongue Language
Passes all 4 subjects	<ul style="list-style-type: none"> • 4 standard subjects
Passes 3 subjects	<ul style="list-style-type: none"> • 4 standard subjects; or • 3 standard subjects + 1 other foundation subject
Passes 2 subjects or less	<ul style="list-style-type: none"> • 4 standard subjects; or • 3 standard subjects + 1 other foundation subject; or • 2 standard subjects+ 2 other foundation subjects; or • 1 standard subject + 3 other foundation subjects; or • 4 foundation subjects

What are the choices available?

How does Subject-Based Banding Work?

[At P4]

School recommends subject combination, based on P4 exam results. Parents indicate preferred combination in an option form (via PG).

[At P5]

**Student takes subject combination chosen by parents.
School assesses your child's ability to cope with the subjects at the end of the year.**

What
happens at
the end of
P5?

[End of P5]

Student who takes standard subjects and has difficulty coping	All other students
School may allow him to take 1 or more subjects at foundation level in P6	School will allow them to continue the same subject combination in P6

[At P6]

Student takes subject combination decided by school

[End of P6]

Student sits for Primary School Leaving Examination (PSLE)

Subject-based Banding and Secondary School admission

- ▶ Progression to secondary level depends on the Revised PSLE Scoring System.
 - ▶ Different expectations of standard and foundation subjects will be taken into account
- ▶ Offering subjects at foundation level is not a disadvantage.
 - ▶ Your child will be able to focus on building up strong fundamentals

Revised PSLE Scoring System: **Achievement Levels (ALs)**

- ▶ The PSLE T-Score has been replaced with wider scoring bands, known as Achievement Levels (ALs).
- ▶ Each PSLE subject will be scored using 8 ALs. Students who perform similarly will be placed in the same AL for each subject.

AL	Raw Mark Range
1	≥ 90
2	85 - 89
3	80 - 84
4	75 - 79
5	65 - 74
6	45 - 64
7	20 - 44
8	< 20

Revised PSLE Scoring System: Scoring for Foundation Level Subjects

- ▶ Foundation subject grades are graded in scoring bands from AL A to AL C.
- ▶ To derive a student's overall PSLE score, AL A to AL C for Foundation level subjects are mapped to AL 6 to AL 8 of Standard level subjects respectively

Grades for Foundation	Foundation Raw Mark Range	Equivalent Standard Level AL
A	75 - 100	6
B	30 - 74	7
C	< 30	8

Be open and flexible
when discussing your
child's preferences,
needs and choices.

Manage your own
expectations and do not
project these expectations
onto your child.

Have regular conversations
with your child to understand
more about his/her interests
and aspirations.

Affirm your child and
offer support when
he/she shares his/her
plans with you.
